

COMP 141

Tic-Tac-Toe with Graphics

1

Announcements

Reminders:

- Program 8 due on Thursday

Review packet for Final Exam on Course Website

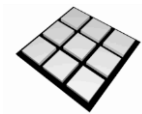

- Solutions on Moodle

2

1

2

Tic-Tac-Toe

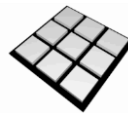

- Two player game, X and O
- Take turns marking the spaces in a 3x3 grid.
- The player who succeeds in placing three respective marks in a horizontal, vertical, or diagonal row wins the game

Adding Graphics to Tic-Tac-Toe

More fun to be able to just click on the location of where you want to make your move, rather than type in row and column.

What modifications to our existing Tic-Tac-Toe game do we need to make to be able to allow users to just click on the board to make their move?

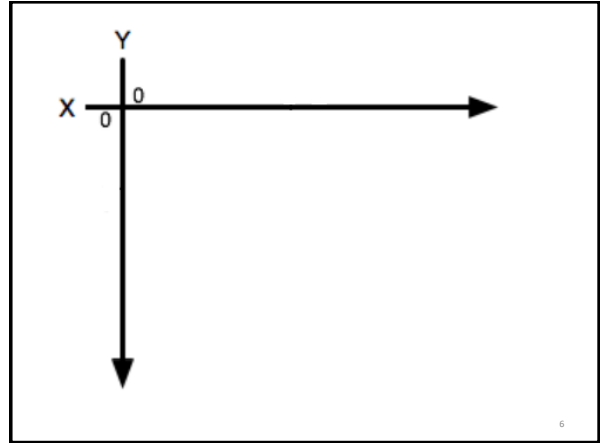

4

4

Modifications to Add Graphics

- Import simplegraphics
- print_board → display board
- Input from Keyboard → clicks from canvas
- Winning message output onto canvas
